State of the business 2024

In 2024, JENSEN-GROUP reached unprecedented milestones, setting new benchmarks in operational and financial performance. Total **order intake** in 2024 reached **517.3 million euro**, surpassing the half-billion mark for the first time. Combined with a strong order book at the start of the year, the order intake propelled our **revenue** to an all-time high of **453.2 million euro** in 2024 and forms a strong basis for 2025.

Our track record of sustained growth provides proof of effective resource allocation and focused capital **investments** in the past two years. In 2023 we acquired the Ole Almeborg facilities in Denmark to further extend our manufacturing base, while expanding our production facility in China through the purchase of a large facility adjacent to our factory. In addition, we stepped up our investments in innovation capabilities for Al and robotics at Inwatec in Denmark. Furthermore, the acquisition of a 49% stake in Inax Corporation, in April 2023, a leading Japanese player in the laundry equipment sector, significantly enhanced our market position. In 2024, we further enhanced our strategic portfolio by the acquisition of MAXI-PRESS in July 2024, a market leader in press cushions and consumables for the heavy-duty laundry industry.

Our **EBIT** for 2024 rose to **50.7** million euro from 40.7 million euro in 2023, which represents robust growth of 25%. The contribution of JENSEN-GROUP's earnings from **TOLON** and **Inax** increased to 3.9 million euro from 2.1 million euro, despite the adverse impact of 0.6 million euro from hyperinflation accounting on TOLON's Turkish operations. Due to higher pre-tax profits, the Group's tax charges increased from 10.5 million euro to 13.0 million euro, while maintaining a stable effective tax rate.

These developments culminated in a rise in **net profit** from 31.0 million euro to **41.2 million euro** as at December 31, 2024.

Reflecting the increase in operating activities, our working capital rose from 152.0 million euro to 180.6 million euro by the end of 2024. The Group is reporting a net financial cash position of 3.1 million euro, inclusive of 8.3 million euro in leasing debt, compared to 36 million euro at the end of 2023. This decrease is largely due to the acquisition of an 85% stake in MAXI-PRESS, financed through cash and additional borrowings amounting to 20 million euro as at December 2024.

As a result, net financial charges increased from 1.0 million euro to 2.2 million euro. This is mainly because of the additional borrowings but is offset by repayments made. Our borrowing agreements remain favorable, with **no financial covenants** attached.

Outlook

The Group's aim for 2025 is to stay on its strategic course and continue to solidify its market position and profitability by taking full advantage of the robust order book and project pipeline at the start of the year and by relentlessly focusing on commercial and industrial excellence in execution. The Group will continue to drive customer centricity and sustainable innovation by developing new products and services while further enhancing the optimization and digitalization of business processes and applications.

Risk factors to be taken into account for 2025 include the uncertainty regarding overall political and socio-economic climate, the evolution and effect of trade tariffs, the impact of geopolitical and military threats, travel restrictions across the world in the event of a new pandemic emerging, a slowing-down of demand due to an economic recession in our key markets, our customers' ability to access financing when confronted with higher interest rates, the fluctuating availability of raw materials, energy and transportation costs, exchange rate volatility, and competitive pressures.

Share buy-back program

The Bylaws of the Company allow to purchase of own shares. At its meeting per March 10, 2022, the Board of Directors decided to implement a program to buy back a maximum of 781,900 or 10% of its own shares. As per March 9, 2023, 113,873 shares were bought back at an average price of 30.07 euro for a total amount of 3.4 million euro. In view of the transaction with Miura, the JENSEN -GROUP suspended its buy-back program. During the extra-ordinary shareholders' meeting of May 16, 2023, the shareholders voted on the cancellation of the 113,873 treasury shares. On August 10, 2023, the program was re-launched to buy back the remaining 668,027 shares. As at December 31 2024, 146,793 shares have been bought back at an average price of 35.86 euro for a total amount of 5.3 million euro.
